

## Welcome to Miss Curly's space

Another VBS season has concluded and my curls are bouncing all over the place! 9 VBS programs! That's just 1 more than the fingers I have. It has been exciting!

Traveling with the team to Mifflinburg, Beaver Springs, Mt. Carmel, Wellsboro, Sunbury, Elimsport and Huntingdon

**Donna and Curly** has proven to be quite an exciting summer! Do you see any seaweed or fish in my curls? The themes have been about ocean water, namely "Ocean Commotion" and "Shipwrecked". In fact, the songs are still being sung by the team and myself. So many children, youth and adults this summer who are experiencing loneliness, struggles, and worry responded to the presentations. Whoa! Who would have thought that puppets could make a difference in people's lives? It is truly humbling to be part of making a difference!

Miss Donna (General Manager) and Miss Lisa (Team/Program Director) have been excited about the recycling bin from HandUP that is at the back of our Puppet HOME! It has been filled 3 times! That's another Whoa! I'm glad they haven't gotten carried away and tossed me in there! The picture of a recycled puppet with green curly hair and orange skin just doesn't make one happy! Of course, some child might be happy to have me if Kingdom Kidz decides to put me there and see how much I could raise for them. They might be surprised! Of course, Miss Lisa would miss having me on the floats and bringing laughter to everyone. So I think I'm safe for now!

Besides, now that I am a radio personality, I believe I'm established with Kingdom Kidz and their internet radio programs, "The Mustard Seed Kidz" and "Kingdom Rocks" on [www.shoutcast.org/Search](http://www.shoutcast.org/Search) Kingdom Kidz. The cast is having a great time recording the episodes and interacting with one another! I'm still in the "Kingdom Rocks" program and am having a blast! This has been an exciting adventure for Kingdom Kidz. Just think! No stage! No props! No puppets! Wait- no puppets! How can that be? Well, I guess Miss Donna and Miss Lisa still know what they're doing! So listen in to the episodes on Saturday (10am), Sunday (6pm) and Tuesday (7pm) with Kingdom Rocks after each Mustard Seed episode. It's been amazing!

Have you heard the other news? Kingdom Kidz will be presenting a float in the Little League World Series Grand Slam parade on August 15 in Williamsport! My curls are jumping even now! All those teams from around the world and the US! Another Whoa! There will be Little Leaguers from Watsontown and Milton on the float, too! Now that will be awesome! Milton Trans will be supplying the float and the Kingdom Kidz team will be decorating it! Can you imagine all those people along the parade route? I can hear the kids shouting, "Hi puppets! Hi puppets!" Better get exercising the arm because there will be lots of hand waves happening! And I thought I would only ever sing behind the stage! From what I've experienced this summer in parades, no one will be looking at Miss Donna. They will just be looking at me. Oh, will a ball cap fit over these curls? Sure hope so!

What an exciting way to end the summer and then experience a 2 week vacation! This summer certainly has been a blessing! I hear there are plans to begin using Peggy's Palace again in September. In fact, the floor is being repaired now! So I'll see you on September 16 for a Puppet Dinner Theater! Just look for the curls and orange skin!!!
