

MISS CURLY AND MISS DONNA

WE'RE BACK!! WE'RE BACK!! WE'RE BACK!!

Yes, it's US, Miss Curly and Miss Donna in the flesh! Well, one of us is in the flesh and sneezing her head off! What a start to 2026 this has been! Did you miss us? We truly missed our monthly time with all of you!

After 25 years of ministry, Miss Donna asked the Board of Directors for a SABBATICAL! So, January through March we rested and drew close to the Lord. It was truly a refreshing and wonderful time! He showed Miss Donna how to heal spiritually, physically and mentally. She has also been learning how to be a better leader. PRAISE GOD!

As a breast cancer survivor, Miss Donna's faith has grown again! God provided expert medical staff from the beginning through the surgery! What a great God we serve! She was able to heal and be refreshed to return to work on April 1. Then within two weeks of returning, an ugly virus invaded her body and put her down for over a week! However, she is back up and going again! It's a blessing because the summer is looking quite busy! Thank you, thank you, thank you for all your prayers, encouragement, and donations during these past 4 months! You are a blessing! The ministry never stopped and neither did you! PRAISE GOD!

God is doing great things! As we enter our 26th year of puppetry, TO GOD BE THE GLORY for the great things HE has done and will continue to do! His encouragement and love for Miss Donna never ceases! Together, we have shared a miracle and work of the Holy Spirit that has us standing in amazement. Through our SafeKIDZ program, a 10-year-old boy decided to become part of the puppet team. As rehearsals began, Miss Donna noticed that he required some assistance with self-control. After praying and consulting his parents, the process began. They worked together and when he returned this month, what a difference! He is now a leader and is taking responsibility for his actions and teaching others! PRAISE GOD!

Are you praising God with us? Our doors opened again last Friday and SafeKIDZ/Family Fun Night hit the ground running. Two Friday nights a month we will be there. Thanks to our volunteer, Teresa Boatman, the building looks like a 250th Anniversary of America. It's red, white and blue everywhere! PRAISE GOD!

Have you heard? God used Jim Williams, our contractor, to show us a handicapped LIFT construction which will work well for our building. Construction should begin in about 2 weeks. It will carry people to the Julie M Holmes Creative Arts Center easily. What a blessing! PRAISE GOD!

Well, Miss Donna's office is on the couch today and she feels a need to rest now. Me too! So, until next month, remember: God is faithful and He loves You!

Donna Bridge is founder of Kingdom Kidz Inc.™, a 501(c3) nonprofit organization and lives in Milton. Send your comments to her at misscurly@ptd.net
