

Welcome to Miss Curly's space

Who would have thought that puppets and flamingoes would make such a huge commotion in our area? Well, last week we received a call to place 116 (that's right) on someone's lawn to help them celebrate their 60th birthday! It was amazing! And before May ends we have 10 more

Donna and Curly lawns to visit. The flamingoes are lined up in our hallway in tubs ready to go! The smile on my face is growing! What joy these pink creatures are bringing to so many people! Be on the look out! If they land on your lawn, please check for the one having a plastic folder with info inside! Sometimes there is a name. Sometimes there isn't a name! And we go rain or shine! No order is too big for us to handle (if we have that many flamingoes!) And to think- people have the idea that Kingdom Kidz is only about puppets! Oh, I need to talk to them!

Since we are no longer renters, but owners, we are realizing that there continues to be some changes made every day at the Puppet HOME! Our new Board of Directors' room is finished and is perfect for our meetings every other month! By the way, our General Manager, Miss Lisa (Derr) is looking for more Board members- 3 to be exact! It's my understanding that they meet every other month on the second Thursday of that month. July and December there are no meetings! Now I'm not privileged to be in attendance, but I know the current Board takes their position very seriously. Much prayer, time, and dedication go into being part of the decision-making! On a side note- you receive refreshments at each meeting, too. Now that's my kind of payment!

Don't forget about Puppet CAMP this summer! The ideas and projects are in the plans and you won't want your child, youth or adult friends to miss it! Call Miss Lisa today! Ages 10 and above will be accepted!

As I look at the calendar, there's not much time off this summer between VBS programs, festivals, and other venues which will keep us on the road! In fact, the Board asked if we would be taking some time off in August to relax. YES! The last 2 weeks of August will be our vacation! The team is growing and focused on what they need to be doing! The rewards are great- encouragement and smiles!

Speaking of encouragement and smiles- the LORD has been pouring forth many these past few weeks! Mr Doug (Bridge) was in a store when a clerk at the register remarked about his cap (Kingdom Kidz) and asked if he was part of the group. She continued to tell him that they had made an impact on her life during a youth camping event in Huntingdon County! WOW! Recently, Miss Lisa and Miss Donna (Bridge) were told by a person in the audience (following a program) that she was glad she attended because her heart was heavy and discouraged but the program lifted that from her. With tears in her eyes she thanked the team for what they presented. DOUBLE WOW!!! That's what keeps the team going! One thing I've learned about being part of this team is that we go no matter what,

present the best program we know how, and leave the rest to the LORD! It's amazing!

So I hope to see you at our upcoming programs, too. Check out the schedule on our website or Face book page. Miss Donna (Bridge) posts something every day!
